AGENDA ITEM- STAFF REPORT

TO: HONORABLE MAYOR AND COUNCILMEMBERS

FROM: GREGG L. ANDREOTTI, CHIEF OF POLICE

VIA: VINCE DIMAGGIO, CITY MANAGER

SUBJECT: PARTICIPATION IN THE FEDERAL SURPLUS PROPERTY PROGRAM

DATE: DECEMBER 8, 2015

ISSUE:

Should the City Council allow the Police Department to participate in the Federal Government Surplus program (1033)?

BACKGROUND:

The Federal Government declares large amounts of government property as surplus on a regular basis. These items are then available for procurement by eligible recipients. Local governments have been deemed appropriate recipients for the surplus property. In California, the Federal Surplus Property Program has benefited many municipal and county governments by supplying them with needed equipment resources.

DISCUSSION:

These surplus items are obtained from all the major departments of the Federal Government including Defense, Interior and Homeland Security. The condition of the items range from good to poor and the recipients can inspect the property prior to accepting the item.

To be eligible to receive surplus property under this program the City Council must pass a resolution authorizing the City's participation. There may be fees associated with acquisition of the item. Said fee amount will be made available prior acceptance of an item so withdrawing interest in the item is an option.

FISCAL IMPACT:

The Federal Surplus Property Program may require a fee to accept an item. Fee amounts vary among items on a case by case basis.

RECOMMENDATION:

Staff recommends that the Council adopt Resolution No. 15-84, approving the participation in the Federal Surplus Property Program.

**BEFORE THE CITY COUNCIL
OF THE
CITY OF MENDOTA, COUNTY OF FRESNO**

WHEREAS, the City of Mendota is eligible to participate in the Federal Surplus Property Program (1033) as a means of acquiring such needed resources,

NOW, THEREFORE, BE IT RESOLVED, by the City Council of the City of Mendota to approve participation by the Mendota Police Department in the Federal Surplus Property Program (1033), for the acquisition of controlled equipment including, but not limited to, the following:

SUBJECT: CODE ENFORCEMENT REPORT FOR NOVEMBER 2015
DATE: DECEMBER 8, 2015

In November the Code Enforcement Department focused on ensuring that people do not camp or otherwise live in open spaces or abandoned housing, especially due to the evictions carried out on Westlands Water District's property. Near the end of November we have been communicating frequently with other agencies, including the operators of the railroad and Fresno County, informing them promptly of individuals and groups illegally inhabiting properties they own or have jurisdiction over.

Also of focus have been preventing other public nuisances, littering/illegal dumping, and vehicle related violations, including RV's, campers, and boats that are illegally stored in residential zones. The last issue (contained in MMC § 17.88.010(A)(9)(a)(vi)) has been a topic recently as we have informed property owners illegally storing these vehicles that they need to be moved to an appropriate place or risk the forced removal of them via our public nuisance abatement process. There is no type of exception to this law and the only way to store such vehicles in a residential zone is to have them behind a solid fence or wall in their backyard or in a completely enclosed area.

Also of note is that Code Enforcement Officers continue to find people in violation of the water conservation measures. While this is unusual given the time of year, we will continue to monitor this in order to help instill a habit of conserving water in the community.

In December Code Enforcement will continue to focus on trespassers/illegal tenants within the City, and illegal modifications to homes that result in people living in garages or other spaces not suitable for human habitation.

Attached is the monthly update on citations and written warnings given out during the month of November.
